

## Design Engineer – Civil

Lacey, Washington

Are you an intermediate-level design engineer who loves a challenge and has a keen eye for detail? Does working on a wide variety of projects sound exciting to you? If community involvement, office ping pong, and company-wide campouts sound like home to you, then we want to hear from you!

### Who we are

SCJ Alliance is a 100% employee-owned company with the mission to serve our clients, communities, and each other with creativity, knowledge, insight, and perspective. With great projects and a fun-loving team, our firm has been named as both one of the nation's fastest growing and best places to work in recent years. We specialize in civil engineering, transportation planning & design, environmental & urban planning, landscape architecture & design, and public outreach. Our mantra "Anticipate. Envision. Create" captures our work environment and project approach.

### What you'll be doing

- **Work that builds communities.** Our civil team specializes in schools, multi-family housing, stormwater and fish passage design, and retail development.
- **Originating and developing design concepts.** We're looking for someone who can assist engineers and project managers in planning and then bring those ideas to life.
- **Managing drawings and providing calculations.** You'll prepare and revise drawings from rough sketches, mark-ups, or general engineering and design information and put the finishing touches on them with labelling, layering, and sheet layout.
- **Site visits and observations.** We want you to get out of the office on occasion to walk and photograph the sites you're designing.

### What you bring

- A passion for serving others, communication, creativity, and a commitment to high-quality work.
- 2 to 4 years of progressively responsible design experience.
- Bachelor's degree in civil engineering or equivalent; EIT certification required.
- AutoCAD and Civil 3D experience required.

### What we bring
