

Project Engineer – Civil

Lacey, Washington

Are you an energetic, skilled project engineer ready to contribute your expertise to a wide variety of projects? Do the words “non-routine” and “complex” jump out at you? If community involvement, office ping pong, and company-wide campouts sound like home to you, then we want to hear from you!

Who we are

SCJ Alliance is a 100% employee-owned company with the mission to serve our clients, communities, and each other with creativity, knowledge, insight, and perspective. With great projects and a fun-loving team, our firm has been named as both one of the nation’s fastest growing and best places to work in recent years. We specialize in civil engineering, transportation planning & design, environmental & urban planning, landscape architecture & design, and public outreach. Our mantra “Anticipate. Envision. Create” captures our work environment and project approach.

What you’ll be doing

- **Leading work that builds communities.** Our civil team specializes in schools, multi-family housing, stormwater design, and retail and commercial development.
- **Working with the community.** We’re looking for someone who can work with current and potential clients to make their projects a reality and the community a better place for all of us.
- **Growing as a professional.** You’ll get to expand your experience by doing a variety of work including preparing designs, overseeing technical staff, managing permitting, and preparing stormwater drainage reports. You’ll also play a key role in cultivating business opportunities.
- **Support.** SCJ’s civil team has completed a wide array of successful projects. As you work alongside our project managers, engineers, and designers, you’ll have support from some of the best in the business!

What you bring

- A passion for serving others, communication, creativity, and a commitment to high-quality work.
- A PE license and a bachelor’s degree in civil engineering or equivalent.
- 2-5 years of progressively responsible civil engineering experience.
- AutoCAD/Civil 3D experience and proficiency with WWHM required.
- Knowledge of MGSFlood and Autodesk SSA preferred.

What we bring

- [An unbeatable culture!](#) Firm-wide campouts, [mugshots](#), gold-medal [costume competitions](#)...you’ll love coming to work.
- [Quality projects.](#) We pursue work that improves communities, challenges us, and makes a difference.
- [Community involvement opportunities](#) and a charitable matching program.
- Retirement benefits: 401(k) & employee stock ownership plans.
- Paid time off.
- Health and other insurance plans tailored to your needs.
